Bus Driver and Passengers Save an Old Man

At 9:00 a.m. yesterday, bus No. 26 was going along Zhonghua Road when the driver saw an old man lying on the side of the road. A woman next to him was shouting for help.

The bus driver, 24-year-old Wang Ping, stopped the bus without thinking twice. He got off and asked the woman what happened. She said that the man had a heart problem and should go to the hospital. Mr. Wang knew he had to act quickly. He told the passengers that he must take the man to the hospital. He expected most or all of the passengers to get off and wait for the next bus. But to his surprise, they all agreed to go with him. Some passengers helped Mr. Wang to move the man onto the bus.

Thanks to Mr. Wang and the passengers, the man was saved by the doctors in time. "It's sad that many people don't want to help others because they don't want any trouble," says one passenger. "But the driver didn't think about himself. He only thought about saving a life."

He Lost His Arm But Is Still Climbing

Aron Ralston is an American man who is interested in mountain climbing. As a mountain climber, Aron is used to taking risks. This is one of the exciting things about doing dangerous sports. There were many times when Aron almost lost his life because of accidents. On April 26, 2003, he found himself in a very dangerous situation when climbing in Utah.

On that day, Aron's arm was caught under a 360-kilo rock that fell on him when he was climbing by himself in the mountains. Because he could not free his arm, he stayed there for five days and hoped that someone would find him. But when his water ran out, he knew that he would have to do something to save his own life. He was not ready to die that day. So he used his knife to cut off half his right arm. Then, with his left arm, he bandaged himself so that he would not lose too much blood. After that, he climbed down the mountain to find help.

After losing his arm, he wrote a book called *Between a Rock and a Hard Place*. This means being in a difficult situation that you cannot seem to get out of. In this book, Aron tells of the importance of making good decisions, and of being in control of one's life. His love for mountain climbing is so great that he kept on climbing mountains even after this experience.

Do we have the same spirit as Aron? Let's think about it before we find ourselves "between a rock and a hard place", and before we have to make a decision that could mean life or death.

2. Why couldn't Aron move?
3. How did Aron free himself?

Mario Green and Mary Brown from Riverside High School give up several hours each week to help others.

Mario loves animals and wants to be an animal doctor. He volunteers at an animal hospital every Saturday morning. Mario believes it can help him to get his future dream job. "It's hard work," he says, "but I want to learn more about how to care for animals. I get such a strong feeling of satisfaction when I see the animals get better and the look of joy on their owners' faces."

Mary is a book lover. She could read by herself at the age of four. Last year, she decided to try out for a volunteer after-school reading program.

She still works there once a week to help kids learn to read. "The kids are sitting in the library, but you can see in their eyes that they're going on a different journey with each new book. Volunteering here is a dream come true for me. I can do what I love to do and help others at the same time."

Understanding Parts of Speech
Knowing what part of speech a word is (noun, verb, preposition, etc.) can help you understand the word's meaning.

Dear Miss Li,

I'd like to thank you for giving money to Animal Helpers. I'm sure you know that this group was set up to help disabled people like me. You helped to make it possible for me to have Lucky. Lucky makes a big difference to my life. Let me tell you my story.

What would it be like to be blind or deaf? Or imagine you can't walk or use your hands easily. Most people would never think about this, but many people have these difficulties. I can't use my arms or legs well, so normal things like answering the telephone, opening and closing doors, or carrying things are difficult for me. Then one day last year, a friend of mine helped me out. She talked to Animal Helpers about getting me a special trained dog. She also thought a dog might cheer me up. I love animals and I was excited about the idea of having a dog.

After six months of training with a dog at Animal Helpers, I was able to bring him home. My dog's name is Lucky — a good name for him because I feel very lucky to have him. You see, I'm only able to have a "dog helper" because of your kindness! Lucky is very clever and understands many English words. He can understand me when I give him orders. For example, I say, "Lucky! Get my book," and he does it at once.

Lucky is a fantastic dog. I'll send you a photo of him if you like, and I could show you how he helps me. Thank you again for changing my life.

Best wishes,
Ben Smith

Last month, our dog welcomed me when I came home from school. He wanted a walk, but I was too tired. I threw down my bag and went to the living room. The minute I sat down in front of the TV, my mom came over. "Could you please take the dog for a walk?" she asked.

"Could I watch one show first?" I asked.

"No!" she replied angrily. "You watch TV all the time and never help out around the house! I can't work all day and do housework all evening."

"Well, I work all day at school, too! I'm just as tired as you are!" I shouted back.

My mom did not say anything and walked away. For one week, she did not do any housework and neither did I. Finally, I could not find a clean dish or a clean shirt.

The next day, my mom came home from work to find the house clean and tidy.

2a Discuss the questions with your partner.

1. What do you often do to help your parents at home?
2. Do you think kids should help out with chores at home?

2b The *Sunday Mail* magazine invited parents to write about whether they think young people should do chores at home. Read the following letters. Which one agrees and which one disagrees?

Dear Sir,

I do not understand why some parents make their kids help with housework and chores at home. Kids these days already have enough stress from school. They do not have time to study and do housework, too. Housework is a waste of their time. Could we just let them do their job as students? They should spend their time on schoolwork in order to get good grades and get into a good university. Also, when they get older, they will have to do housework so there is no need for them to do it now. It is the parents' job to provide a clean and comfortable environment at home for their children. And anyway, I think doing chores is not so difficult. I do not mind doing them.

Ms. Miller

Skimming

This means looking quickly through a piece of writing to find the main idea without reading every word. It is still a good idea to read the first sentence in each paragraph a little more carefully.

Dear Sir,

I think it is important for children to learn how to do chores and help their parents with housework. It is not enough to just get good grades at school. Children these days depend on their parents too much. They are always asking, "Could you get this for me?" or "Could you help me with that?" Doing chores helps to develop children's independence and teaches them how to look after themselves. It also helps them to understand the idea of fairness. Since they live in one house with their parents, they should know that everyone should do their part in keeping it clean and tidy. Our neighbors' son got into a good college but during his first year, he had no idea how to take care of himself. As a result, he often fell ill and his grades dropped. The earlier kids learn to be independent, the better it is for their future.

Mr. Smith

2c According to Ms. Miller and Mr. Smith, what are the pros and cons about kids doing chores?

Pros	Cons
Doing chores helps to develop children's independence.	Housework is a waste of children's time.

2. there is no need for ... to _____

2. What would you say to the person who wrote the letter you don't agree with?

3a Do you think children should do some chores at home? Why or why not? Discuss this with a partner and take notes.

3a Look at this letter to a magazine and the reply from Robert Hunt, a school counselor. Complete the chart.

Dear Mr. Hunt,
 My problem is that I can't get on with my family. Relations between my parents have become difficult. They fight a lot, and I really don't like it. It's the only communication they have. I don't know if I should say anything to them about this. When they argue, it's like a big, black cloud hanging over our home. Also, my elder brother is not very nice to me. He always refuses to let me watch my favorite TV show. Instead he watches whatever he wants until late at night. I don't think this is fair. At home I always feel lonely and nervous. Is that normal? What can I do?

Sad and Thirteen

Dear Sad and Thirteen,
 It's not easy being your age, and it's normal to have these feelings. Why don't you talk about these feelings with your family? If your parents are having problems, you should offer to help. Maybe you could do more jobs around the house so that they have more time for proper communication. Secondly, why don't you sit down and communicate with your brother? You should explain that you don't mind him watching TV all the time. However, he should let you watch your favorite show. I hope things will be better for you soon.

2b Read the article and answer the questions.

1. What is the common problem for Chinese and American families?
2. Who gives their opinions about the problem?

Maybe You Should Learn to Relax!

These days, Chinese children are sometimes busier on weekends than weekdays because they have to take so many after-school classes. Many of them are learning exam skills so that they can get into a good high school and later a good university. Others are practicing sports so that they can **compete** and win. However, this doesn't only happen in China.

The Taylors are a **typical** American family. Life for Cathy Taylor's three children is very busy. "On most days after school," Cathy says, "I take one of my two boys to basketball practice and my daughter to football **training**. Then I have to take my other son to piano lessons. Maybe I could cut out a few of their activities, but I believe these activities are important for my children's future. I really want them to be successful." However, the tired children don't get home until after 7:00 p.m. They have a quick dinner, and then it's time for homework.

Linda Miller, a mother of three, knows all about such **stress**. "In some families, competition starts very young and **continues** until the kids get older," she says. "Mothers send their small kids to all kinds of classes. And they are always **comparing** them with other children. It's crazy. I don't think that's fair. Why don't they just let their kids be kids? People shouldn't push their kids so hard."

Doctors say too much pressure is not good for a child's **development**. Dr. Alice Green says all these activities can cause a lot of stress for children. "Kids should have time to relax and think for themselves, too. Although it's normal to want successful children, it's even more important to have happy children."

The Storm Brought People Closer Together

Ben could hear strong winds outside his home in Alabama. Black clouds were making the sky very dark. With no light outside, it felt like midnight. The news on TV reported that a heavy rainstorm was in the area.

Everyone in the neighborhood was busy. Ben's dad was putting pieces of wood over the windows while his mom was making sure the flashlights and radio were working. She also put some candles and matches on the table.

Ben was helping his mom make dinner when the rain began to beat heavily against the windows. After dinner, they tried to play a card game, but it was hard to have fun with a serious storm happening outside.

Ben could not sleep at first. He finally fell asleep when the wind was dying down at around 3:00 a.m. When he woke up, the sun was rising. He went outside with his family and found the neighborhood in a mess. Fallen trees, broken windows and rubbish were everywhere. They joined the neighbors to help clean up the neighborhood together. Although the storm broke many things apart, it brought families and neighbors closer together.

Reading the Title and First Sentences

The title can be helpful for you to understand a text. It is also a good idea to read the first sentence of each paragraph before you read the whole text.

Do You Remember What You Were Doing?

People often remember what they were doing when they heard the news of important events in history. In America, for example, many people remember what they were doing on April 4, 1968. This was an important event in American history. On this day, Dr. Martin Luther King was killed. Although some people may not remember who killed him, they remember what they were doing when they heard the news.

Robert Allen is now over 50, but he was a school pupil at that time. “I was at home with my parents,” Robert remembers. “We were eating dinner in the kitchen when we heard the news on the radio. The news reporter said, ‘Dr. King died just 10 minutes ago.’ My parents were completely shocked! My parents did not talk after that, and we finished the rest of our dinner in silence.”

More recently, most Americans remember what they were doing when the World Trade Center in New York was taken down by terrorists. Even the date — September 11, 2001 — has meaning to most Americans.

This was a day Kate Smith will never forget. She remembers working in her office near the two towers. “My friend shouted that a plane just hit the World Trade Center! I didn’t believe him at first, but then I looked out of the window and realized that it was true. I was so scared that I could hardly think clearly after that.”

2c Read the passage again. Are the following statements true (T) or false (F), or is the information not given (NG)?

- 1. Everyone in America remembers who killed Dr. King.
- 2. Robert Allen was eating lunch when Dr. King was killed.
- 3. Robert's parents were shocked to hear the news.
- 4. Kate Smith was watching a movie when a plane hit the World Trade Center.
- 5. Kate didn't think her friend was telling the truth about the event.

2d Underline sentences from the passage with similar meanings to the ones below.

- 1. Not everyone will remember who killed him, but they can remember what they were doing when they heard that he got killed.
- 2. No one said anything for the rest of dinner.
- 3. September 11, 2001 — the date alone means something to most people in the US.
- 4. I had trouble thinking clearly after that because I was very afraid.

In November 1979, pupils in England were able to watch a new TV program called *Monkey*. Most of them were hearing this story for the first time. However, this story is not new to Chinese children. The Monkey King or Sun Wukong is the main character in the traditional Chinese book *Journey to the West*.

The Monkey King is not just any normal monkey. In fact, he sometimes does not even look like a monkey! This is because he can make 72 changes to his shape and size, turning himself into different animals and objects. But unless he can hide his tail, he cannot turn himself into a man. To fight bad people, the Monkey King uses a magic stick. Sometimes he can make the stick so small that he can keep it in his ear. At other times, he is able to make it big and long.

The Monkey King has excited the children of China for many years. And as soon as the TV program came out more than 30 years ago, Western children became interested in reading this story because the clever Monkey King keeps fighting to help the weak and never gives up.

Qomolangma — the Most Dangerous Mountain in the World?

One of the world's most dangerous sports is mountain climbing, and one of the most popular places for this is the Himalayas. The Himalayas run along the southwestern part of China. Of all the mountains, Qomolangma rises the highest and is the most famous. It is 8,844.43 meters high and so is very dangerous to climb. Thick clouds cover the top and snow can fall very hard. Even more serious difficulties include freezing weather conditions and heavy storms. It is also very hard to take in air as you get near the top.

The first people to reach the top were Tenzing Norgay and Edmund Hillary on May 29, 1953. The first Chinese team did so in 1960, while the first woman to succeed was Junko Tabei from Japan in 1975.

Why do so many climbers risk their lives? One of the main reasons is that people want to challenge themselves in the face of difficulties. The spirit of these climbers shows us that we should never give up trying to achieve our dreams. It also shows that humans can sometimes be stronger than the forces of nature.

It is 8:30 a.m. at the Chengdu Research Base. Panda keepers are preparing milk for the baby pandas' breakfast. At 9:00 a.m., they find that most of the babies are already awake and hungry. When the babies see the keepers, they run over to them with excitement and some of the young pandas even walk into their friends and fall over!

Lin Wei, one of the panda keepers, says, "They're so cute and lovely. I take care of them like they're my own babies. I wash, feed and play with them every day. They're very special to me." In fact, many people around the world love these black and white animals. Pandas have become so popular that they are now a symbol of China.

Scientists say there are now fewer than 2,000 pandas living in the forests. Another 300 or so live in zoos or research centers in China and other countries. Pandas do not have many babies, maybe only one every two years. The babies often die from illnesses and do not live very long. Adult pandas spend more than 12 hours a day eating about 10 kilos of bamboo. Many years ago, there were a lot more bamboo forests and pandas in China, but then humans started to cut down these forests. As the forests get smaller and other human activities cause more problems, pandas cannot find enough to eat and they are having fewer babies.

An education program in Chengdu teaches children about pandas and other endangered wild animals. They send people to schools to tell children about the importance of saving these animals. And the Chinese government is trying hard to help save the pandas. Scientists are doing research to better understand the habits of pandas. I go out with my gun almost every day to kill animals and birds for food. I'm even learning to grow fruit and vegetables.

A few weeks ago, I found the marks of another man's feet on the sand. Who else is on my island? How long have they been here? Not long after that, I saw some cannibals trying to kill two men from a broken ship. One of them died but the other ran towards my house. I helped him kill the cannibals. A Country Music Song Changed Her Life Forever

When Sarah was a teenager, she used to fight over almost everything with her family. But five years ago, while she was studying abroad in England, she heard a song full of feelings about returning home on the radio. It made Sarah think about her family and friends back in the US. She came to realize how much she actually missed all of them. Ever since then, she has been a fan of American country music.

Country is a traditional kind of music from the southern states of America. Nashville, Tennessee is the home of country music. Many songs these days are just about modern life in the US, such as the importance of money and success, but not about belonging to a group. However, country music brings us back to the “good old days” when people were kind to each other and trusted one another. It reminds us that the best things in life are free — laughter, friends, family, and the beauty of nature and the countryside.

Sarah hasn't been to Nashville yet, but it is her dream to go there one day. She has already read a lot about the place and done some research on it. She knows that there is the Country Music Hall of Fame and Museum in Nashville. There are also always a lot of great country music concerts with famous musicians and singers, like Garth Brooks. Sarah has already listened to most of his songs. “Garth is one of the most successful musicians in American history. He’s sold more than 120 million records. I hope to see him sing live one day!”

- 2b** Read the article. How many reasons can you find for visiting Singapore?

Singapore — A Place You Will Never Forget!

Have you ever been to Singapore? For thousands of tourists from China, this small island in Southeast Asia is a wonderful and safe place to take a holiday. On the one hand, more than three quarters of the population are Chinese, so you can simply speak Putonghua a lot of the time. On the other hand, Singapore is an English-speaking country, so it's also a good place to practice your English!

Have you ever tried Chinese food outside of China? Maybe you fear that you won't be able to find anything good to eat when you travel. In Singapore, however, you'll find a lot of food from China; you won't have any problem getting rice, noodles or dumplings. Singapore is also an excellent place to try new food. Whether you like Indian food, Western food or Japanese food, you'll find it all in Singapore!

Most large cities have zoos, but have you ever been to a zoo at night? Singapore has a Night Safari. It might seem strange to go to a zoo when it's dark. However, if you go to see lions, tigers or foxes during the daytime, they'll probably be asleep! A lot of animals only wake up at night, so this is the best time to watch them. At the Night Safari, you can watch these animals in a more natural environment than in a normal zoo.

One great thing about Singapore is that the temperature is almost the same all year round. This is because the island is so close to the equator. So you can choose to go whenever you like — spring, summer, autumn or winter. And, of course, it's not too far from China!

3a Read the article written by a father for a newspaper. What is his family going to sell at the yard sale?

My children are growing up fast. My daughter is 16 and my boy is already in junior high school. As they get bigger, our house seems to get smaller. So we want to sell some of our things in a yard sale and give the money to a children's home.

We have already cleared out a lot of things from our bedrooms. We have decided to each sell five things that we no longer use. My son was quite sad at first. Although he has not played with his old toys for a long time, he still wanted to keep them.

For example, he has owned a train and railway set since his fourth birthday, and he played with it almost every week until he was about seven. And he did not want to lose his toy monkey, either. He slept next to the monkey every night when he was a child. My daughter was more understanding, although she also felt sad to part with certain toys.

As for me, I did not want to give up my football shirts, but, to be honest, I have not played for a while now. I am getting older, too!

1. Why do millions of Chinese leave the countryside every year?
2. How often do you think these people visit their hometowns?
3. What new buildings does the government usually build in towns and villages?

Using Previous Knowledge

We can often guess what a text is about by using what we already know. Answering questions before we read can also help us do this.

Hometown Feelings

Some people still live in their hometown. However, others may only see it once or twice a year. Nowadays, millions of Chinese leave the countryside to search for work in the cities. Among these is Zhong Wei, a 46-year-

old husband and father. He has lived in Wenzhou for the last 13 years. With a hard job in a crayon factory, he doesn't find much time to visit his hometown. "I used to return home at least once a year, but I haven't been back for almost three years now. It's a shame, but I just don't have the time," he says.

Many people like Zhong Wei regard with great interest how their hometowns have changed. Perhaps large hospitals and new roads have appeared. In many places, the government has also built new schools and sent teachers from the cities to help.

"I noticed that's true of my hometown," adds Zhong Wei. "Children have learned to read and count at my old primary school since the mid-20th century. But now the buildings are really old. I hear they're going to build a new school there." Zhong Wei thinks such developments are good, and he also knows that his hometown cannot always stay the same.

According to Zhong Wei, however, some things will never change. "In my hometown, there was a big old tree opposite the school. It is still there and has become quite a symbol of the place. Most of the children in my time liked to play together under that big tree, especially during the summer holidays. It was such a happy childhood. Our hometown has left many soft and sweet memories in our hearts."

Zhong Wei thinks these changes are _____ because things need to change in order to become better. But he also thinks some things _____ change, and his hometown is still the place that holds all his childhood _____ .

2d Think of changes that are happening in your town or city today. Which changes are generally good? Which changes could be seen as bad?

3a Think about your favorite thing from childhood which you still have. For example, it can be a toy or a book. Then take notes using the questions.

Notes on the Text

Unit 1 What's the matter?

1. ... bus No. 26 was going along Zhonghua Road when the driver saw an old man lying on the side of the road. ……26路公交车正行驶在中华路上，这时司机看到一位老人躺在路边。

1) 此句中 *bus No. 26 was going along Zhonghua Road* 使用的是过去进行时，表示过去一段时间正在进行的动作。与现在进行时相比，过去进行时只是将 *be* 动词由 *is/am/are* 改为 *was/were*，动词仍然使用 *-ing* 形式。该时态将在本册第5单元正式学习。

when 常常用来引出时间状语从句，当放在过去进行时构成的主句之后时，表示“某事正在进行时，另一件事情发生了”。再如：

I was just getting into the shower when the telephone rang. 我正要冲澡，就在这个时候电话响了起来。

2) *see someone doing something* 是一个固定结构，表示“看到某人正在从事某事或正处于某种状态”。又如：

When they went in, they saw some children playing happily in the garden. 他们进去的时候，看到一些孩子正在花园里高兴地玩耍。

We saw him standing there alone, not knowing what to do. 我们看见他独自站在那里，不知做什么是好。

2. The bus driver ... stopped the bus without thinking twice. 公交司机……没有多想便停下了车。

think twice 是英语中一种固定的表述，表示在做某事之前“认真思考；权衡利弊”。例如：

We must think twice before we make this decision! 在我们做出这个决定前，必须认真思考！

Think twice about it. Maybe you'll change your mind. 好好想想，也许你会改变主意的。

3. Thanks to Mr. Wang and the passengers, the man was saved by the doctors in time. 多亏了王先生和乘客们，医生及时挽救了老人的生命。

有了互联网，你在家就能买到你所要买的东西了。

Thanks to your program, we got to know each other. 因为你们的节目，我们方能相互认识。

4. There were many times when Aron almost lost his life because of accidents. 有好多次，阿伦差点因为意外丢掉性命。

此句含有一个由 **when** 引导的定语从句，**when Aron almost lost his life because of accidents** 修饰前面的名词 **times**。再如：

I thought of the happy days when I stayed in Beijing. 我想起了待在北京的那些快乐的日子。

He still remembers the time when you gave him this book as a gift. 他依然记得你把这书当作礼物送给他的时候。

5. After losing his arm, he wrote a book called *Between a Rock and a Hard Place*. 失去了手臂之后，他写了一本名为《生死两难》的书。

此处 *Between a Rock and a Hard Place* 是一本书的书名，可译作《生死两难》。实际上，**between a rock and a hard place** 本身就是英语的一个固定习语，表示在艰难或危险的处境下“从两难中进行选择”，意为“左右为难；进退两难”。例如：

Who will you save when your mother and wife both fall into the water? For many people, it's between a rock and a hard place. 当你的母亲和妻子同时落水，你会救谁？对许多人来说，这是一个两难的选择。

6. This means being in a difficult situation that you cannot seem to get out of. 它的意思是“处于一个你似乎无法摆脱的困境之中”。

1) 此处 **mean** 表示“……意思是；意为”，用来解释上句出现在书名中的习语的意思。再如：

What do you mean? 你的意思是什么？

此外，**mean** 还可表示“意味着”的意思。如课文结尾的句子：

... before we have to make a decision that could mean life or death. 在我们不得不做出可能意味着生死的决定之前……

2) **a difficult situation that you cannot seem to get out of** 和 **a decision that could mean life or death** 均包含定语从句。在前者中，从句 **that you cannot seem to get out of** 修饰名词 **situation**；在后者中，从句 **that could mean life or death** 修饰名词 **decision**。

Unit 2 I'll help to clean up the city parks.

1. They told me stories about the past and how things used to be. 他们给我讲过去的生活经历，讲过去是什么样子的。

used to be 在此表示过去一度存在但现在已经消失的某一特定的情形。作这一用法时，**used to** 常与 **be, have, live, stay, like, love** 等词连用，表示“曾；曾经”，例如：

She used to be a very close friend of mine. 她曾是我十分贴心的一位朋友。

I used to live in that city for the first twenty years of my life. 我（一生）最初的20年曾生活在那座城市。

Do you get the feeling that we're not welcome here? 你有这里不欢迎我们的感觉吗？

How did you get such an idea? 你怎么会产生这样一个想法？

第二个 **get** 是系动词，后接形容词，表示体质、情绪、天气等方面的改变，通常译作“变得；变为”。例如：

It's getting hotter now. 现在天气变得热起来了。

3. She could read by herself at the age of four. 她在四岁时就能够独自看书了。

5. And anyway, I think doing chores is not so difficult. 反正我觉得干点家务也不太难。

Sam didn't get the job, but he's not unhappy because it didn't pay well anyway. 萨姆没有得到那份工作，但他并没有闷闷不乐，反正薪酬也不算高。

anyway还可用来表示“不管怎样；无论如何”之意，例如：

Reporter: The weather is beautiful today! But yesterday's rainstorm was the heaviest one so far this year. So, what were people doing yesterday at the time of the rainstorm?

[outside the studio, on the street]

Girl: I was at home doing my homework. But I could hear the heavy rain against my bedroom window.

Boy: I was reading at the library after school. I'm so glad I didn't decide to play basketball!

Woman: I was waiting for the bus after work. Then the rain suddenly started and I got all wet.

Man: I was walking home from the supermarket. Luckily, I had an

umbrella, but I still got wet!

[back in the studio]

Reporter: Looks like many people were caught in the rain yesterday. Many took hours to get home ...

Section A, 2a, 2b

Boy: Yesterday was a terrible day. My alarm didn't go off so I woke up late. It was seven thirty when I woke up, and I needed to be at school by eight! I ran to the bus stop ... but, I still missed the bus. It was eight thirty when I got to school. My teacher was angry and I felt bad all day. At four thirty, it was time to go home. I was waiting for the bus when ... all of a sudden ... it began to rain heavily. It was like ... a really crazy rainstorm! I thought I had an umbrella in my schoolbag, so I kept trying to look for it. I was so busy looking for the umbrella that I didn't see a car coming. And it got water all over me! I was waiting like that ... completely wet ... for maybe almost an hour. Finally, the bus came and brought me home. I took a hot shower and ate some warm food. It felt so good to be home!

Section B, 1b, 1c

John: Hey, Kate, why weren't you at the school basketball competition yesterday? I called you so many times, but you didn't answer.

Kate: Sorry, John. I left my phone at home.

John: What were you doing at the time of the competition?

Kate: Well, I left my house late and when the competition started, I was still making my way to school.

John: Then what happened?

Kate: When I got to the bus stop, I realized that my bag was still at home!

John: But why didn't you just go home to get your bag?

Kate: I did, but while I was running back home, I saw a dog by the side of the road and it was hurt.

John: Oh, so I'm sure you helped the dog. I know how much you love animals.

Kate: Yes, I wanted to call the Animal Helpline, but I didn't have my phone so I had to wait for someone to walk by. Then I used his phone to call the helpline.

John: OK. No wonder you didn't make it to the competition.

Kate: Yes, I'm so sorry I wasn't there to cheer you on, but I'm happy that your team won!

Unit 6 An old man tried to move the mountains.

Section A, 1b

Wang Ming: Hi, Anna. In my Chinese class today, we read a famous story called *Yu Gong Moves a Mountain*.

Anna: Oh, how does the story begin?

Wang Ming: Well, once upon a time, there was a very old man. There were two mountains near his house. They were so high and big that it took a long time to walk to the other side.

Anna: So what happened next?

Wang Ming: Well, the old man told his family that they should all help him to move the mountains.

Anna: Mm, but an old man probably couldn't even move a small tree.

Wang Ming: Yes, that's what his wife said, too.

Anna: And where would they put all the earth and stone from the mountains?

Wang Ming: Yu Gong said they could put it into the sea because it's big enough to hold everything. So they all started digging the next day.

Section A, 2a, 2b

Wang Ming: Let me tell you the rest of the story about Yu Gong. Yu Gong and his family began to move some of the earth and stone to the sea. One day, a man saw Yu Gong and his children when they were working on moving the mountains. He told Yu Gong that he could never do it because he was old and weak. As soon as the man finished talking, Yu Gong said that his family could continue to move the mountains

after he died. His family would live and grow, but the mountains could not get bigger. So Yu Gong and his family kept on digging day after day and year after year. Finally, a god was so moved by Yu Gong that he sent two gods to take the mountains away. This story reminds us that you can never know what's possible unless you try to make it happen.

Section B, 1b, 1c

Mei Ling: Tom, can you tell me a story from Europe?

Tom: Well, I know one. It's called *The Emperor's New Clothes*. This story is about an emperor who loved clothes. He loved buying and looking at his beautiful clothes.

Mei Ling: So what happened?

Tom: Two brothers came to the city to make special clothes for the emperor. But the emperor had to give them silk and gold.

Mei Ling: Were the clothes nice?

Tom: Well, the brothers kept everything for themselves and told the emperor that people couldn't see the clothes unless they were clever.

Mei Ling: Oh, so they were really trying to cheat the emperor!

Tom: Yes, you are right. When the emperor looked at himself, he only saw his underwear. But he

didn't want people to think he was stupid, so he said his new clothes were very beautiful.

Mei Ling: Did he wear the new clothes?

Tom: Yes, he did. He walked through the city wearing his new clothes. Nobody wanted to sound stupid, so everyone said his new clothes were wonderful. But suddenly, a young boy shouted, "Look! The emperor isn't wearing any clothes!"

Mei Ling: What a funny story!

Unit 7 What's the highest mountain in the world?

Section A, 1b

Teacher: Yesterday, we learned some important geographical facts. I hope you all still remember them. I'm going to test you now by asking a few questions. First, what's the highest mountain in the world?

Boy 1: Qomolangma! It's higher than any other mountain in the world.

Teacher: That's right. And who can tell me what the Sahara is?

Girl 1: The Sahara is the biggest desert in the world.

Teacher: Very good. And which is the deepest salt lake in the world?

Girl 2: The Caspian Sea is the deepest of all the salt lakes.

Teacher: You're all so smart! Now, for the last

question, which is the longest river in the world?

Boy 2: I know! The Nile is the longest river in the world.

Boy 1: And the Amazon is the second longest river in the world.

Teacher: It seems that you know the answers to all my questions. Good job!

Section A, 2a, 2b

Mike: Hi, I'm Mike. I'm from the United States.

Boy: Welcome to our class, Mike. We're happy to meet you.

Mike: Can you tell me a bit more about China?

Girl: Sure! Did you know that China is one of the oldest countries in the world? It's over 5,000 years old.

Mike: Yes, I did. It's much older than my country – in fact, the United States is one of the youngest countries in the world. It's not even 300 years old.

Boy: And China has the biggest population, too. It's a lot bigger than the population of the United States.

Mike: But China is about the same size as the US, right?

Girl: Yes, and it's the biggest country in Asia. We also have some famous rivers. The Yangtze River is the longest river in Asia. It's about 6,300 kilometers long.

Mike: Wow! I didn't know that. I thought the Yellow River was longer.

Boy: No, the Yellow River is 5,464 kilometers long. But both rivers are very important to China.

Section B, 1b, 1c

Teacher: Do you have any questions about baby pandas?

Boy 1: Are they much smaller than an adult panda?

Teacher: Yes. When they're born, they only weigh about 0.1 to 0.2 kilos.

Boy 1: Wow, that's small! I know an adult panda weighs many times more than a baby.

Teacher: That's right. And the adult pandas weigh around 100 kilos.

Boy 2: What about the size of a baby panda? How small is it?

Teacher: At birth, it's only around 15 cm long, but an adult panda is around 150 cm long.

Girl: Is a baby panda also black and white?

Teacher: No, you would never guess! A baby panda is pink and it cannot see. It also doesn't have any teeth.

Girl: How long can pandas live?

Teacher: They can live up to 20 to 30 years.

Alex: They're from California, in the United States. There are five people in the band and they're all teenage boys.

Alex: Do you want to borrow my CD then?

Jeff: Thanks, Amy. Our family has collected so many things over the years, but we

don't use them anymore.

Amy: But isn't it hard to sell some of your things? There are many things I've had since I was a child. I don't think I could sell them.

Jeff: Yes, it's hard to say goodbye to certain things.

Amy: By the way, how long have you had that bike over there?

Jeff: I've had it for three years! I learned how to ride a bike on it.

Amy: Old things really bring back sweet memories. But it's true that we may never use some of these things again.

Jeff: Yes, like old toys or books you've already read. You can sell those, or you can also give them away to kids or people who need them.

Section A, 2a, 2b

Mom: What about these soft toys?

Amy: I want to keep the bear because I've had it since I was a baby. It has special meaning to me because Grandma gave it to me. I'll give away the lion and tiger.

Mom: OK. And this old bread maker of mine

can go, too. I've had it for more than 10 years. Aunt Taylor bought a new one for me last week.

Amy: That's great. We can still have homemade bread. And I can give away this sweater and dress, too. They don't fit me anymore. But I want to keep the hat and scarf for ice skating.

Mom: Great. You can take these things to the children's home tomorrow then.

Section B, 1b, 1c

Martin: Hey, Jenny, your hometown is really beautiful.

Jenny: Yes, that's one of the oldest buildings in this town. It's been around for hundreds of years. It's now the town library.

Martin: What about the building next to it?

Jenny: Oh, that's the new science museum. It's only been here since last August. There's a really big park behind the museum. Many families go there on weekends to let the kids run around and climb the hills.

Martin: Nice. Can we check it out?

Jenny: Sure. But first, let's have lunch at this restaurant down the street. It's been around for as long as I can remember. It serves the best food in town.

Grammar

I. 反身代词 (Reflexive Pronouns)

表示反射或强调的代词叫做反身代词。反身代词是由第一人称、第二人称形容词性物主代词或第三人称人称代词宾格形式，词尾加 **self** 或 **selves** 组成。反身代词可译为“本人”、“本身”，为加强语气，也常译为“亲自”、“自己”。请见下表：

数 \ 人 称	第一人称	第二人称	第三人称
单 数	myself	yourself	himself herself itself
复 数	ourselves	yourselves	themselves

反身代词的用法如下表：

句法作用	例 句
宾 语	The child can dress himself . 这孩子能自己穿衣服了。 Take good care of yourself . 好好照顾你自己。 But the driver didn't think about himself . 但是司机并没有为自己着想。
主语或宾语的 同位语	Mrs. Black herself is a lawyer. 布莱克太太本人就是一名律师。 You had better ask the driver himself . 你最好问司机本人。
表 语	Just be yourself . 做你自己就好了。 Mary hasn't quite been herself recently. 玛丽近来有些不对劲。

II. 情态动词 (Modal Verbs)

情态动词可以用来表示“提议”、“建议”或“请求”等。

情态动词 **should** 作“应该；应当；可以”讲，用以表达职责和义务、提出劝告，而且表述的是自己的主观看法，其后接动词原形。例如：

I think you **should** lie down and rest. 我觉得你应该躺下休息。

You **should** call him so that you can say you're sorry. 你应当给他打电话，向他说声对不起。

should 的否定式是 **should not/shouldn't**, 意思是“不应当; 不该”。例如:

You **shouldn't** take such risks. 你不该冒这么大风险。

情态动词 **could** 用于有礼貌地向对方提出要求或请求。例如:

A: **Could** you please take the dog for a walk? 能请你出去遛遛狗吗?

B: OK, but I want to watch one show first. 可以, 但我想先看个节目。

再如: **Could** we get something to drink after the movie? 我们看完电影后可以喝点什么吗?

could 也用于提出建议, 比 **can** 语气更为婉转。例如:

Maybe you **could** do more jobs around the house so that they have more time for proper communication. 也许你可以在家里多做点事, 让他们多些时间好好地沟通。

III. 动词时态 (Verb Tenses)

1. 过去进行时 (Past Progressive Tense)

过去进行时由“**was/were + 动词-ing**”构成, 表示在过去某一时刻或某一段时间正在进行的动作。这一特定的过去时间除有上下文暗示以外, 一般用时间状语来表示。例如:

A: What **were** you **doing** at eight last night? 昨晚八点你在干什么?

B: I **was taking** a shower. 我(当时)在淋浴。

A: What **was** he **doing** when the rainstorm came? 暴风雨来的时候他在干什么?

B: He **was reading** in the library when the rainstorm came. 暴风雨来的时候他在图书馆看书。

A: What **was** Jenny **doing** while Linda **was sleeping**? 琳达在睡觉的时候, 珍妮在做什么?

B: While Linda **was sleeping**, Jenny **was helping** Mary with her homework. 琳达在睡觉的时候, 珍妮在帮助玛丽做作业。

下面以动词 **work** 为例, 将过去进行时的肯定式、否定式和疑问式以及简略答语列表如下:

肯定式		否定式	
I/He/She/It was working. We/You/They were working.		I/He/She/It was not working. We/You/They were not working.	
疑问式和简略回答			
Was I working? Yes, you were. No, you were not.	Were you working? Yes, I was. No, I was not.	Was he/she/it working? Yes, he/she/it was. No, he/she/it was not.	
Were we/you/they working?		Yes, you/we/they were. No, you/we/they were not.	

注:

1) **was not** 常缩略为 **wasn't** /'wɒznt/; **were not** 常缩略为 **weren't** /wɜ:(r)nt/。

2) 一般过去时与过去进行时用法的比较: 一般过去时表示在过去某个时间发生过的动作或存在的状态, 而过去进行时则表示在过去某一时刻或某一段时间正在进行的动作。

例如:

David wrote a letter to his friend last night.

大卫昨晚给他的朋友写了封信。(信写完了。)

David was writing a letter to his friend last night.

大卫昨晚一直在给他的朋友写信。(信不一定写完。)

2. 现在完成时 (Present Perfect Tense)

1) 现在完成时的构成

现在完成时由“助动词 **have (has)** + 过去分词”构成。下面以动词 **finish** 为例, 将现在完成时的肯定式、否定式和疑问式以及简略答语列表如下:

肯定式		否定式
I/You have finished.		I/You have not finished.
He/She/It has finished.		He/She/It has not finished.
We/You/They have finished.		We/You/They have not finished.
疑问式和简略回答		
Have I/you finished?	Yes, you/I have.	No, you/I have not.
Has he/she/it finished?	Yes, he/she/it has.	No, he/she/it has not.
Have we/you/they finished?	Yes, you/we/they have.	No, you/we/they have not.

注: **have not** 常简略为 **haven't** /'hævnt/, **has not** 常简略为 **hasn't** /'hæznt/。

2) 现在完成时的用法

用法	例句
表示过去发生或已经完成的动作对现在造成的影响或结果。	<p>- Have you had your lunch yet?</p> <p>- Yes, I have. I've just had it. (现在我不饿了。)</p> <p>- Have you read <i>Little Women</i> yet?</p> <p>- No, I haven't. (我对该书不了解。)</p>
某些动词的现在完成时可表示过去某一时间开始并一直持续到现在(包括“现在”在内)的动作或状态, 可以和表示延续的时间状语连用。表示持续动作或状态的动词多是延续性动词。	<p>I haven't seen her these days.</p> <p>I've known Bob for three years.</p> <p>I've been at this school for over two years.</p> <p>They have lived here since 1996.</p> <p>How long have you worked in this library?</p> <p>She has taught us since I came to this school.</p>

用法	例句
现在完成时可以和 already, never, ever, just, before, yet 等连用。	I have already taught him some English. John has never been to the space museum. Have you ever been to a zoo at night? My boy has just started junior high school. I've never been to the water park <i>before</i> . Have you decided which book to write about <i>yet</i> ?
have (has) been 和 have (has) gone 的区别: have (has) been 表示“曾经到过某地”, have (has) gone 表示“已经去某地了”。	Where has he been? 他刚才到哪儿去了? (他已经回来了。) Where has he gone? 他到哪儿去了? (他不在这里。) She has been to Shanghai. 她去上海。 (她已不在上海了。) She has gone to Shanghai. 她到上海去了。 (她可能已在去上海的路上, 或已到上海, 总之, 现在不在这里。)

注: 非延续性动词在否定结构中可用现在完成时表示持续的动作或状态。例如:

I haven't bought anything for two months.

3) 现在完成时和一般过去时的区别

现在完成时表示过去发生的某一动作对现在造成的影响或结果, 强调的是现在的情况, 所以它不能和表示过去的时间状语连用, 例如: **yesterday, last night, three weeks ago, in 1990** 等。而一般过去时只表示过去的动作或状态, 和现在不发生联系, 它可以和上述表示过去的时间状语连用。例如:

I have seen the film. 我看过这部电影。(我了解这部电影的内容。)

I saw the film last week. 我上星期看了这部电影。(只说明上星期看了这部电影, 不涉及现在的情况。)

He has lived here since 1992. 1992 年以来他一直住在这里。(他现在还住在这里。)

He lived here in 1992. 1992 年他住在这里。(不涉及他现在是否还住在这里。)

IV. 动词不定式 (Infinitives)

1. 动词不定式的基本形式是“**to + 动词原形**”, 有时可以不带 **to**。动词不定式没有人称和数的变化, 在句子中不能作谓语。动词不定式仍保留动词的特点, 即可以有自己的宾语和状语。动词不定式同它的宾语或状语构成不定式短语。例如: **to read the newspaper, to speak at the meeting** 等。

2. 动词不定式具有名词、形容词和副词的特征, 因此在句中可以作主语、宾语、宾语补足语、定语和状语等。初中要求掌握的动词不定式的句法作用如下表:

句法作用	例句
作宾语	She wanted to become a teacher . He is learning to swim .
作状语	He went to the library to borrow some books . I'm glad to see you .
作宾语补足语	She asked me to speak louder . Could you ask the bus driver to wait for five minutes ?

3. 动词不定式的否定形式由“not + 动词不定式”构成。例如：

Tell him **not to be late**.

The policeman told the boys **not to play in the street**.

4. 动词不定式可以和 what, which, how, where, when 等连用。例如：

Nobody told us **what to do next**.

I don't know **where to go**.

He showed me **how to use the new mobile phone**.

The question is **when to start**.

5. 不带 to 的情况

有一些动词后用作宾语补足语的不定式通常不带 to。这种动词有两类：一类是感官动词，如 see, hear, watch, feel, notice 等。例如：

I **saw** the teacher **get out**.

I **heard** the birds **sing**.

另一类是使役动词，如 let, make, have 等。例如：

Let me go!

They **made** the children **work** 12 hours a day.

V. 状语从句 (Adverbial Clauses)

在复合句中，用作状语的从句叫做状语从句。状语从句根据它表达的意思可分为时间、原因、条件、比较、结果、目的和让步等类型。

类型	引导连词	例句
时间	由 when, before, after, as, while, as soon as, since, not ... until, whenever 等连词引导。	As he explored the town, he took a lot of pictures. As soon as he arrived in France, he called me. 目的	由 so, so that 等引导。	We'll sit near the front so we can hear the speaker better. You should talk to him so that you can say you're sorry.
让步	由 although, even though 等引导。	Although the traffic was heavy, we got to the railway station on time. Even though he is 80, he still looks strong and healthy.

注：在时间状语从句和条件状语从句中通常用一般现在时表示一般将来时。例如：
